Dear Readers,

Thanks for your interest in our work Sketch2Photo. We have made our software available now. It brings some new features but still needs to be improved as announced in our project webpage. You may download them from our partner's webpage. The software is released in a Japanese website. In case you do not understand Japanese. I write this guide.

1. Click the download button.

Sketch2Photo 無料ダウンロード
Windows版 (11.2MB)

2. Input your family name, given name, email address and telephone number.

ご氏名（姓）★	Family name
ご氏名（名）: ★	Given name
